

Anything That Drives Me To God ©2009

Lyrics by Joe Gauthier ©2009

Music by Angela Dittmar ©2009

Verse 1

Life stinks and then you die
Seems to be this world's dark cry
When I see all the pain and heartache
Sometimes it gets too much for me to take

Chorus 1

When it comes to giving thanks
I wish that I could
It's easier when I realize
That anything that drives me to God must be good

Verse 2

Even though the problems are here to stay,
I've learned to look at them in a different way.
They used to send me in the wrong direction.
Now through them I find God's true correction.

Chorus 2

When it comes to giving thanks
I know that I should
It's easier now that I realize
That anything that drives me to God must be good.

Verse 3

Troubles come and troubles go
But there is one thing that I've come to know
There is a whole lot that I will never understand
But all things do work together according to God's plan

Chorus 3

When it comes to giving thanks
I know that I should
It's easier now that I realize
That anything that drives me to God must be good
Anything that drives me to God must be good
